Content

1. Statistical overview
2. The Incheon Strategy

Statistical Overview

- Lack of common definition of disability
- Lack of reliable data collection methods
- Disability prevalence: 1% to 18.5%
- World Report on Disability estimate: 15% disability prevalence

Disability prevalence: large variation

Key challenge: data

- Statistical data: poor quality impedes evidenced-based policies & programmes
- Persons with disabilities: unseen, unheard & uncounted
- Difficult to track progress

Population ageing: majority of persons with disabilities will be 60+

- ✓ Accelerates CRPD ratification & implementation
- ✓ Serves as Asia-Pacific regional input to the UN G.A. High-level Meeting on Disability & Development

Incheon Strategy to "Make the Right Real" for Persons with Disabilities in Asia and the Pacific

Incheon Strategy

The Incheon Goals

- **Goal 1:** Reduce poverty & enhance work & employment prospects
- **Goal 2:** Promote participation in political processes & in decision-making
- **Goal 3:** Enhance access to the physical environment, public transportation, knowledge, information & communication
- **Goal 4:** Strengthen social protection
- **Goal 5:** Expand early intervention & education of children with disabilities
- **Goal 6:** Ensure gender equality & women's empowerment
- **Goal 7:** Ensure disability-inclusive disaster risk reduction & management
- **Goal 8:** Improve the reliability & comparability of disability data
- **Goal 9:** Accelerate the ratification & implementation of the Convention on the Rights of Persons with Disabilities & the harmonization of national legislation with the Convention
- **Goal 10:** Advance subregional, regional & interregional cooperation

Goal 6

- **Ensure gender equality and women's empowerment**

Targets

Target 6.A Enable girls and women with disabilities to have equitable access to mainstream development opportunities

Target 6.B Ensure representation of women with disabilities in government decision-making bodies

Target 6.C Ensure that all girls and women with disabilities have access to sexual and reproductive health services on an equitable basis with girls and women without disabilities

Target 6.D Increase measures to protect girls and women with disabilities from all forms of violence and abuse

Core indicators

- 6.1 Number of countries that include the promotion of the participation of women and girls with disabilities in their national action plans on gender equality and empowerment of women**
- 6.2 Proportion of seats held by women with disabilities in the parliament or equivalent national legislative body**
- 6.3 Proportion of girls and women with disabilities who access sexual and reproductive health services of government and civil society, compared to women and girls without disabilities**
- 6.4 Number of programmes initiated by government and relevant agencies aimed at eliminating violence, including sexual abuse and exploitation, perpetrated against girls and women with disabilities**
- 6.5 Number of programmes initiated by government and relevant agencies that provide care and support, including rehabilitation, for women and girls with disabilities who are victims of any form of violence and abuse**

Goal 8

Goal 8: Improve the reliability and comparability of disability data

Targets

- **Target 8.A: Produce and disseminate reliable and internationally comparable disability statistics in formats that are accessible by persons with disabilities**
- **Target 8.B: Establish reliable disability statistics by the midpoint of the Decade, 2017, as the source for tracking progress towards the achievement of the goals and targets in the Incheon Strategy**

Core indicators

- **8.1 Disability prevalence based on the International Classification of Functioning, Disability and Health (ICF) by age, sex, race and socioeconomic status**
- **8.2 Number of Governments in the Asia-Pacific region that have established, by 2017, baseline data for tracking progress towards achievement of the Incheon goals and targets**
- **8.3 Availability of disaggregated data on women and girls with disabilities in mainstream development programmes and government services, including health, and sexual and reproductive health, programmes**
